- Dance floor comes in 3'x3' sections that are pieced together to make the above sized dance floors
- Set up is included in price; delivery is additional
- Surface will determine if subfloor is needed—subfloor must be used if outdoors on grass to level the floor
- Subfloor is gray in color; in some instances it is slightly larger than the dance floor and will thus show
- Subfloor elevates the dance floor 3" off of ground
- If dance floor is going underneath a tent please note location of centerpoles and size dance floor accordingly
- No edging is used to trim dance floor
