A frame tent...

- consists of frame top, framework, side poles, stakes
- **NO SIDES**
- can be set up on grass, concrete or asphalt as long as we can stake
- it is a free standing structure BUT it still **MUST be staked**; if set up on asphalt the charges are as follows: Charge \$3/hole to drill and \$3/hole to patch asphalt afterwards
- **does not have centerpoles**
- set up charges are included in the above price (except 10x10's)—delivery fees are additional
- needs an additional 2' around the perimeter of the tent for ropes and stakes
- is **a sturdy tent**; ideal for locations with limited room or across driveways, next to other tents, buildings, etc

Additional info...

- various top colors available, please inquire
- if no tables are being used, just chairs (ie. cathedral seating for a wedding), allow 6 sq ft / person
- the above figures are based upon the optimum layout of people, tables, and chairs—additional space must be allowed for food line, dance floor, gift table, etc.
- if there is any doubt as to whether a tent will fit at a given location—we will send someone to measure
